We sincerely thank everyone who took the effort to give us feedback and support on the Internet, via emails and in person. They mean a lot to us and please keep them coming.

Upgrades Continue

Upgrade has been a theme for the past five seasons we have owned the resort; 2018 was no exception.

We finally finished the job to stain the external walls of six cottages and the railings of all decks, it took us three summers but the result was pretty impressive.

Before the 2018 season open, we replaced the few remaining outdated mattresses. Cottages 4 and 5 have new refrigerators. Cottage 1 has a new sofa and the other sofas were refurbished.

We plan to level the floor in the living room and kitchen in Cottage 1 before the season opens this year. We attempted to take on this task a couple of times, but did not proceed because we did not know the cause of it. We still do not know yet, but this time we determine to open up the floor and have a go with it.

Special Spring and Fall Rates

To thank you for your patronage, we will keep our 2019 cottage and boat rental rates unchanged. That means you will enjoy the 2018 rates for 2019, and for next year if you book your 2020 vacation at the end of your stay this season.

In addition, we are introducing special spring and fall rates for individuals and couples who like to come to stay with us on weekdays or weekly. Those rates provide additional 20% discount to already low off season rental prices. Please visit our website for more information if you are interested in the offering.

When sending this newsletter to you, we will send along a confirmation of your booking if you booked your vacation in 2018 or in the last couple of months. Let us know that the booking is accurate and up to date.

If you like to book for the 2019 season, please give us a call or send us an email. We look forward to seeing you again if you stayed with us in the past. If we have not met yet, we will welcome you with open arms.

Our very best wishes to all.
